IMPORTANT NOTE

Dear 4-H'er and Helper,

This Project Record Form is designed to help a young child (5-7 year old) record and reflect upon their accomplishments. Any help that a child receives from a parent, volunteer, or any other adult is a very positive addition to the project and the project record form as long as the child is encouraged to do as much as possible themselves. If needed, the writing can be dictated to the helper. Good luck!
